Tools and material list

I work with Premo clay brand (but any common brand should work!)

Clay (1/2 package of your favorite is usually enough)

Recommended colors:

- Red, (any shade you like)
- White and Pearl,
- Black
- Turquoise/Peacock (or any light blue you like)
- A bit of yellow/orange..not necessary
- Light green (can be pearl green as well, or mix of wasabi and green.. any scrap grass green you like)

For the „Night version“ –also Blue/Dark Purple

These colors are optional, you can make also sunset/sunrise colors instead of pictured ones... and of course flowers can have any color you like! So as always in my classes, there are color options for everybody 😊

Tools:

- Pasta machine
- Acrylic rod (or any rod you use)
- Baking/wax paper (or any piece of printer paper)
- Needle tool (or just some needle with handle)
- Blade (rigid, flexible.. any you have)
- Scalpel (x acto with the sharp tip)
- Cutters any simple shape you like (not necessary blades are good enough)

Components

This project allows to make literally anything (I like to use it mostly for brooches/pendants) but it can be pendant, earrings, bracelet.. whatever you like to do/wear.

So brooch pin, hooks.. etc
